Section 7: Funding

Helping Hands aims at providing an affordable alternative for home maintenance and accessibility. However, none of the work done by Iowa Valley Habitat is free. In some cases grant funding will offset materials costs. In order to keep projects affordable, Helping Hands may utilize volunteer labor. Each project will meet our high standards. When applicable, Iowa Valley Habitat will work with homeowners to create a manageable repayment plan:

- No interest loans are provided, when required, to cover minimal administrative costs.
- Loans are to be repaid with a monthly payment. The amount of the monthly payment is dependent on your ability to repay. This will be arranged prior to receiving service.

Disclaimer

IVHFH will perform a background check on the applicant and any adults living in the household. While all requests will be considered, an application's acceptance will depend upon the repair project. Iowa Valley Habitat for Humanity will assess the scope of the project and the final decision will be made at the discretion of IVHFH. Prior to beginning the project, a written agreement with details of the scope of work and repayment may be required. When available, public funds may be used to help offset the cost of the project. In such instances, information in the application may be shared with staff at Johnson County.
